Report forage, alfalfa seed, caraway, timothy hay, sweetclover, camelina, fall rye and winter wheat acres seeded last fall. Refer to the Instructions for Insurance Selection brochure for completion instructions.

Note: All spring seeded acres are reported on the SAR sent to you in May.
Note: All land owned and operated must be listed on the contract of insurance. All land changes (additions, deletions, cultivated or summerfallow eligibility) should be made early to avoid any loss of coverage. All land changes are subject to approval.
U - beside Crop Code Name indicates uninsured crop.

Report any land changes and forage (alfalfa, alfalfa/grass, grass, dehy or alfalfa seed), camelina, caraway, timothy hay, sweetclover, fall rye or winter wheat acres seeded last fall on this form.

Note:

- All land owned and operated must be listed.
- Please contact SCIC as soon as new land is acquired. Land added after damage occurs may not be eligible for compensation.
- All land changes are subject to approval.

- The numerical order of your current land as recorded at SCIC. A land code is assigned if you are adding land.
- Rural municipality and legal land description.
- Soil class for quarter of land where crop is grown.
- Total cultivated acres on each legal land description must be accounted for, whether crops are insured or uninsured.
- Acres declared as summerfallow in 2010.
- Please refer to *Your Complete Guide for Understanding Crop Insurance for Crop Codes*. A 'U' indicates the crop is uninsured.
- Indicates the acres as summerfallow (SMF), stubble (STB) or irrigated (IRR).

- Acres actually seeded, if applicable.
- The date of seeding perennial or biennial crops in 2010 as well as fall-seeded crops.
- If adding or deleting land, specify a reason and additional information.
- The form will pre-print any multi-year crops that have acres already declared.
- TO REPORT fall-seeded annual crops or perennial/biennial acres seeded in 2010, write the details in the appropriate columns.
- TO DELETE land, draw a line through the land description. If you know the new operator, enter the name in the space provided.
- TO CHANGE cultivated or eligible acres, draw a line through the pre-printed acres and enter the new acres above.
- TO ADD land, list the RM, quarter, section, township, range and meridian. Next, enter the total cultivated acres for that land description and any eligible summerfallow acres that were too wet to seed in 2010.
 - If land was rented, check the box and enter the type and date of agreement.
 - If land was purchased, check the box and enter the name of the previous owner.

TO ENDORSE CORN HEAT UNITS: Draw a single line through "NO" in the box below and print "YES" in the next column. Circle your choice of coverage level.
TO DELETE CORN HEAT UNITS ENDORSEMENT: Draw a single line through "YES" in the box below and print "NO" in the next column.

| IU Code | Description | Coverage per Acre 100 - 200 - 300 | Yes | No | Endorsed |
|---------|-------------|--------------------------------------|-----|----|----------|
| 881 | Corn | 200 - 300 | Yes | | |

Note: The Corn Heat Unit Program is continuous, however, legal land descriptions, corn heat unit acres and weather stations to be insured under this program must be provided annually. Refer to Instruction Guide for additional instructions. No selections may be made or changed after March 31, 2011.

| RM | Legal Land Description | Acres | Weather Station Selection |
|-----|------------------------|-------|---------------------------|
| 001 | NE 01 01 01 1 | 100 | Regina |
| 002 | NW 02 02 02 2 | 150 | Regina |
| 003 | SE 03 03 03 3 | 75 | Moosejaw |

Payment(s) to be Deferred: Yes No Deferred Date: 01 / 01 / 12 (maximum of one year from claim calculation)

- TO CHANGE the coverage level, draw a line through the pre-printed selection and write the desired coverage beside. TO DELETE, draw a line through Yes and print No in the next column.
- Rural municipality where the land is located.
- Legal land description for each parcel of cultivated land to be insured.
- Number of acres seeded to be insured on each legal land description.
- Weather stations must be selected within 120 kilometres of the insured parcel. Weather stations can be found in *Your Complete Guide to Understanding Crop Insurance* or online at www.saskcropinsurance.com.
- TO ADD, provide the legal land description, number of seeded acres and weather station.
- Claims do not have to be filed; they are automatically calculated. TO DEFER your claim, select Yes and write the date to defer to.

- TO ADD, indicate by putting an "X" in the Yes box and, if applicable, record your certification number. TO CHANGE the default selection, draw a line through the default and put an "X" in the new selection. More information on these options are available in *Your Complete Guide to Understanding Crop Insurance* or at www.saskcropinsurance.com.
- Crops that are insured on your contract.
- Coverage options that are available, including 50, 60, 70 and 80 per cent.
- Price options that are available, including Base, Low, In-Season (InSn), Contract (Cont) and Variable (Var).
- Organic crops eligible for the Contract Price Option.
- Irrigated crops participating in the Enhanced Irrigation Pilot.
- Default selection: This column indicates what is currently selected for 2011.
- TO CHANGE the default selection of the Organic Contract Price or Enhanced Irrigation Pilot Program, draw a line through the default and write the new selection, Yes or No, in the following box.
- TO DELETE an insured crop, draw a line through the entire crop line.

- TO CHANGE coverage or price options, draw a line through the pre-printed default selection and circle the new selection in the next column.
- The deadline to select winterkill coverage for 2011 established crops was August 25, 2010. This option cannot be deleted and indicates a premium will be charged in 2011.
- The deadline to select winterkill coverage for 2012 established crops is August 25, 2011. TO CANCEL winterkill coverage for 2011 fall-seeded crops, draw a line through the entire crop line.
- Crops that are not insured on your contract.
- TO ADD a crop listed under Crops not Endorsed for 2011, circle the crop and selection in coverage option, price option, organic contract price and enhanced irrigation pilot columns.
- Certain crops have no options available and can only be added. Please see *Your Complete Guide to Understanding Crop Insurance* or at www.saskcropinsurance.com for more details on these crops.

- Crops that are insured on your contract.
- Crops indicate the coverage options that are available, including 50, 60, 70 and 80 per cent.
- The price options that are available, including Base, Low, In-Season (InSn), and Variable (Var).
- Crop Information: Lists special conditions that apply to specific crops. Refer to the Forage section of *Your Complete Guide to Understanding Crop Insurance* or contact your customer service office.
- Default selection: This column indicates what is currently selected for 2011.
- TO DELETE an insured crop, draw a line through the entire crop line.
- TO CHANGE coverage or price options, draw a line through the default and write the new selection.

- Crops that are not insured on your contract.
- TO ADD greenfeed crops, circle greenfeed, select and circle a coverage and price option, then select the greenfeed crop(s) you want to insure by circling Add Crop in the corresponding Coverage Option column.
- Note: Greenfeed crops are selected separately and are all insured at the same coverage level. There is a tonnage guarantee for each crop. But for claim purposes, production from all insured greenfeed crops is totaled and offset.
- TO SELECT establishment or insurance on crops not on your contract, circle selection in coverage option and price option, if applicable, or Add Crop.

NOTE: The Forage Rainfall Program is continuous and unless changes are made, the following land(s), forage acres and weather stations will be insured for 2011:

| IU Code | Forage Type | Endorsed |
|---------|---------------|-------------------|
| 862 | Tame Grazing | No Yes |
| 863 | Native Forage | Yes |

To add, change or delete a Forage Rainfall crop, draw a single line through the preprinted selection in the shaded area and print the desired Yes or No selection in the next column.

Refer to *Your Complete Guide to Understanding Crop Insurance* and the Instructions for Insurance Selection brochure for information relating to weighting and capping per cent options.

| Monthly Weightings | | | | | | Capping |
|--------------------|-------|-----|------|------|--|---------|
| Code | April | May | June | July | | |
| 1 | 30 | 30 | 30 | 10 | | 125% |
| 2 | 10 | 40 | 40 | 10 | | 150% |
| 3 | 10 | 30 | 30 | 30 | | |

No changes can be made after March 31, 2011.

* Premium per acre is the customer premium per acre.

| Land Code | RM | Legal Land Description | Forage Type | Acres | Dollar Coverage | Weather Station | Weighting Code | Capping Per cent | Premium Per Acre* |
|--------------|----------------|--------------------------|-------------------|---------------|------------------|-------------------|----------------|------------------|-------------------|

| | | 004 SE 04 04 04 4 | Tame | 60 | | Moose Jaw | 3 | 150 | |

*** Previous station selection is no longer valid. Please call a Crop Insurance office for a list of eligible weather stations.

Payment to be deferred: Yes No Deferral Date: 01 / 01 / 12 (maximum of one year from claim calculation)

- TO ADD OR DELETE a Forage Rainfall crop, draw a line through the pre-printed selection in the shaded area and print Yes or No in the next column.
- Weighting options are selected to best suit the growing season and management plans. Any precipitation more than the selected cap will not be included in the claim calculation.
- The numerical order of your current land as recorded at SCIC. A land code is assigned if you are adding land.
- Rural municipality where the land is located.
- Legal land description for each parcel of land.
- Indicates tame grazing or native forage acres.
- Number of acres in the pasture.
- Dollar coverage is determined by the soil zone of each pasture type and location.
- Weather stations must be selected within 100 kilometres of the insured parcel. Weather stations can be found in *Your Complete Guide to Understanding Crop Insurance* or online at www.saskcropinsurance.com.

- Weighting option of precipitation from April to July. See chart above (#2).
- Capping per cent of rainfall for claim calculation. See chart above (#2).
- Customer premium per acre.
- TO DELETE acres, draw a line through the pre-printed description.
- TO CHANGE acres, weather station, weighting code or capping per cent, draw a line through the default and write the new selection.
- TO ADD, provide the legal land description, forage type, number of established acres, weather station, monthly weighting code and capping per cent.
- Claims do not have to be filed; they are automatically calculated. TO DEFER your claim, select Yes and write the date to defer to.
