Corporations/Co-ops/ Other Entities Instruction Guide

How to Complete Your Corporations/Co-ops/Other Entities Form

- 1 Your SCIC ID and AgriStability PIN are different numbers. The AgriStability PIN is generated by the Federal Government for AgriStability and AgrilInvest purposes, whereas the SCIC ID is unique to your Saskatchewan Crop Insurance account.

Note: Crop Insurance contract numbers are not to be used as either the SCIC ID or AgriStability PIN.
- 2 Please ensure all email addresses for the participant and contact persons are current and spelled correctly.
- 3 Complete this area if someone else (e.g., spouse, common-law partner or accountant) has your consent to provide or ask for more information about your AgriStability and AgrilInvest forms on your behalf. SCIC will communicate with your contact person as the first point of contact. Written correspondence will be sent to you and your contact person.

Note: A contact person will not be able to cancel your participation in the AgriStability Program, and they will remain on file until you authorize the change.
- 4 If you require additions or deletions of any contact persons receiving a copy of your Calculations of Benefits, please contact our toll free line at 1-866-270-8450.
- 5 For AgriStability purposes, the Main Farmstead is where the majority of the gross farming income was derived, not your home quarter.

- 28 For Code 105 Feeder Cattle, please do not include calves born in the Program Year as these are automatically included with the cattle productive units. Code 105 Feeder Cattle and Code 106 Finished Cattle may be reported as Feeder Productive units for feeders that were on hand at the start of the year and fed for an appreciable gain of at least 200 lbs, or a minimum of 60 days in the fiscal period. Choose the Productive Capacity that represents the feeder weight at the time of the sale. Feeders that are purchased and retained for over 60 days or 200 lbs of weight gain, should also be included in the Feeder Productive Capacity.
- 29 Report the number of days you custom fed cattle. Animal feed days is calculated as: # of animals × # of days each animal was fed as a custom feed operation (e.g., 100 animals fed for 3 months = 100 × 9 = 9,000 feed days). This code is not used to report having your own cattle custom fed.
- 30 Purchased Inputs are those commodities that were purchased and not used by the end of your fiscal year, with the intent to use it next year. Inputs such as fuel, chemicals, purchased seed, feed, and fall application of fertilizers and chemicals are reported here.
- 31 Deferred income is income you have chosen to postpone the receipt of to a subsequent tax year. A Receivable is income that is owed to you for goods delivered or services provided in one fiscal year, but are not paid to you until a subsequent tax year.
- 32 Include any expenses that were bought and used in the Program Year but were not paid for until a subsequent fiscal year(s). Do not include amounts owed for items purchased through loans, lines of credit or credit cards that have already been reported as an expense with CRA for taxes.
